Some new material and skits are being added to our 2015 curriculum.

Parents are encouraged to attend in order to hear what their daughters are learning and reinforce it at home. A young lady who is pure and set apart for Christ shines with a radiant brightness in this world of darkness. How can a young lady stay physically and emotionally pure as she waits for God’s best in marriage? How can parents protect and guide?

Creatively presented through stories and testimonies, practical instruction, skits, and real life examples, this conference gives Biblical answers to everyday questions and deep life struggles. It will encourage girls to find healing and victory in Christ, no matter what their past has been. The material is discreet and appropriate for twelve year olds and yet relevant to all ages. Includes testimonies from young ladies who serve as Bright Lights staff, chalk drawings, harp music, and small group times.
